

**REQUEST FOR PROPOSALS INFORMATION SHEET
VIRTUAL WORKSHOP PRESENTATIONS
AT ATD TULSA MONTHLY PROGRAMS**

**3rd FRIDAY OF EACH MONTH
11:30 AM TO 1:10 PM**

PURPOSE

The purpose of this Request for Proposals (RFP) is to solicit proposals for one-hour workshop presenters at the ATD Tulsa Monthly Program Meetings. Workshop speakers must be willing to provide their services *pro bono publico* (*without expectation of payment*) for the good of developing talent development professionals and in support of the goals and objectives of ATD Tulsa.

BACKGROUND

ATD Tulsa expects 20 to 40 attendees at each virtual meeting, the majority of whom will include, but are not limited to, training, workplace learning, human resources, and organizational development professionals. The meetings take place via virtual delivery platform. We typically host events via Zoom. We try to keep the atmosphere one of fun and learning in a casual business environment, with numerous opportunities for professional development and networking.

All qualified persons are encouraged to submit proposals. ATD Tulsa does not discriminate against individuals based on race, creed, national origin, gender, physical or mental ability, color, or sexual orientation.

SESSION DEVELOPMENT

ATD Tulsa Monthly Program Meetings are learning experiences first and foremost, and as such must be noncommercial in content and delivery. Your primary goal should be the attendee's learning experience rather than a showcase of your ideas, products, or services. You will gain exposure for those things by providing something tangible for participants to take away. The more you can put yourself in their place in developing your session, the better your chances are of being selected as a speaker.

When developing your proposal submission, make sure the content is informative and relevant, with clear and immediate application to the learner's work. Ask yourself how the learner will be able to apply your session content back on the job. Consider including interactive or hands-on methods to support learning within the session framework.
